Die Bedeutung von Freiraumflächen für naturnahes Leben in Recife/Brasilien

Emerging Megacities: Open Spaces in Megacities –

Potential for nature orientated Living

Project No. 01LG0510

Federal Ministry of Education and Research:

Research for the Sustainable Development of the Megacities of Tomorrow

---

Final Report 2008

*Presented by*

Prof. Dr. Jürgen Heinrich, Universität Leipzig (Principal Investigator)

Dr. Jens Wesenberg, Universität Leipzig (Project Coordination)

Prof. Dr. Hartmut Gaese, FH Köln, (Project Coordination)

Dipl.-Ing. Simone Sandholz M.Eng., FH Köln (Project Coordination)

The presentation of the scientific-technical results of the project in Part II, Chapter I is based on written contribution of the following further authors (sorted by working groups):

Prof. Dr. Johannes Ringel (Uni Leipzig)

Dipl.-Ing. Christian Strauß (Uni Leipzig)

Stud. Lars Stempel (Uni Leipzig)

M.Sc. Dipl.-Ing. Christine Ellen (FH Köln)

Dr. Ruskin Freitas (UFPE)

Dr. Dietmar Sattler (Uni Leipzig)

Dipl.-Biol. Simone Schmidt (Uni Leipzig)

Prof. Dr. Marccus Vinicius Alves (UFPE)

Prof. Dr. Ana Maria Benko-Iseppon (UFPE)

Stud. Polyhanna Gomes dos Santos (UFPE)

Prof. Dr. Martin Coy (Uni Innsbruck)

Dipl.-Geogr. Tobias Töpfer (Uni Innsbruck)

Prof. Dr. Edvania Torres Aguiar (UFPE)

Dipl.-Geogr. Henriette Neef (Uni Leipzig)

Prof. Dr. Marc Janssens (Uni Bonn)

M.Sc. Oliver Jende (Uni Bonn)

Dipl.-Geogr. Esther Wiebel (FH Köln)

Prof. Dr. Isabelle Meunier (UFRPE)

Prof. Dr. Herbert Schubert (FH Köln)

Dipl.-Ing. Katja Veil (FH Köln)

Dr. Helenilda Calvavanti (FUNDAJ)

Prof. Dr. Jürgen Pretzsch (Uni Dresden)

M.Sc. Robert Schreier (Uni Dresden)

Stud. Thjago Aires (UFRPE)

Dr. Annett Krüger (Uni Leipzig)

Dipl.-Geogr. Roman Seliger (Uni Leipzig)

Dipl.-Geogr. Antje Enke (Uni Leipzig)

Dipl.-Geogr. Sebastian Beyer (Uni Leipzig)

Prof. Dr. Margareth Alheiros (UFPE)

Prof. Dr. Maria do Carmo Sobral (UFPE)

Dr. Jaime Cabral (UFPE)

Prof. Dr. Jackson Roehrig (FH Köln)

Dipl.-Geogr. Wolfram Lange (FH Köln)

M.Sc. Arq. Marge Barradas (FH Köln)

M.Sc. Dipl.-Ing. Maxime Souvignet (FH Köln)

M.Sc. Dipl.-Ing. Matthias Braun (FH Köln)

M.Sc. Jiamin Huang (FH Köln)

M.Sc. Stayford Kampini (FH Köln)

M.Sc. Dipl.-Ing. Peter Kern (FH Köln)

### Part I - Overview

<b>1. Objective and goals</b>	<b>1</b>
1.1. Overall objective	1
1.2. Project goals of the pilot phase	1
<b>2. Project conditions</b>	<b>2</b>
2.1. Participants	2
2.2. Scientific Integration	3
2.3. Socio- and scientific-political context	4
<b>3. Project planning and progress</b>	<b>5</b>
3.1. General working plan	5
3.2. Distribution of scientific work	5
3.3. Research area	6
3.4. Project structure and administration	10
3.5. Workshops and working group meetings	12
<b>4. State of the art</b>	<b>13</b>
4.1. Urbanization and Sustainability	14
4.2. Climate Change and Urban Development: Impacts and Vulnerabilities	15
4.3. The Need for Vulnerability Assessments	16
4.4. Risks, Vulnerability and Livelihoods: Social Settings and Responses	17
4.5. Climate Mitigation and Adaptation on Urban Scale	18
4.6. Sustainable, Climate Efficient Urban Development: Need for Integrated Land Use Planning	19
4.7. The Role of Open Spaces and Conversion Sites in Urban Land Use Planning	20
4.8. Urban Planning in Brazil	22
4.9. Specific Aspects of Urban Planning in the Recife Metropolitan Region	22
<b>5. Cooperation with third parties</b>	<b>23</b>

## *Part II- Detailed Project Description*

<b>1.</b>	<b><i>Detailed description of results and methodologies - Introduction</i></b>	<b><u>26</u></b>
1.1.	Working Group: Urban Planning	26
1.2.	Working Group: Urban Geography	33
1.3.	Working Group: Sociology	41
1.4.	Working Group: Physical Geography	46
1.4.1.	Sub-Project 1: Conflicts and potentials in the surface water system	46
1.4.2.	Sub-Project 2: Pedo-Ecological Assessment of urban and peri-urban soils at the districts Apipucos and Sitio dos Pintos	52
1.4.3.	Sub-project 3: Interdependencies of open space, settlement structure and risk prevention	59
1.5.	Working Group: Ecology/Biodiversity	66
1.6.	Working Group: Urban and peri-urban Agriculture	75
1.7.	Working Group: Urban Forestry	82
1.8.	Working Group: GIS and System Analysis	86
1.8.1.	Sub-Project 1: GIS and System Analysis	86
1.8.2.	Sub-Project 2: Pe System Analysis: Decision Support System to the Monetary Valuation of Open Spaces in Emerging Megacities	91
1.9.	Developed Scenarios and Planning for the Pilot Area	105
1.9.1.	Scenario for an Ecologic Orientated Surface Water Management	106
1.9.2.	Development of an Urban Planning Design for the “Fábrica da Macaxeira” Area	114
<b>2.</b>	<b><i>Necessity and appropriateness of the realized activities</i></b>	<b><u>123</u></b>
<b>3.</b>	<b><i>Applicability of the project results</i></b>	<b><u>124</u></b>
<b>4.</b>	<b><i>Relevant progresses from third parties occurred in the meantime</i></b>	<b><u>124</u></b>
<b>5.</b>	<b><i>Publication of project results</i></b>	<b><u>125</u></b>
<b>6.</b>	<b><i>Literature</i></b>	<b><u>130</u></b>
